**WHY DID YOU BECOME AN EDUCATOR?**  
I became a teacher after observing the amazing experience my own children's elementary school teachers offered them. I wanted to be part of that culture and community!

**NAME A TEACHER THAT INSPIRED YOU**  
My fourth grade teacher, Gina Margolis was accepting, encouraging, funny, and made me want to go to school every day.

**WHAT ADVICE WOULD YOU GIVE TO YOUR 1ST YEAR TEACHER SELF?**  
I would tell her that you can't do this job without the help and support of others. Having connections with those you trust and respect is critical for longevity in this profession. I would also tell her to laugh more, to enjoy the dozens of small glimmers each day-they will keep you going!

## LYDIA CARLSON SELECTED FOR ASAP

Hendricks 6th grade teacher, Lydia Carlson, has once again been selected to be part of the prestigious Arizona STEM Acceleration Project (ASAP) program. Additionally, one of her STEM lessons written for the program was selected by the ASAP program as an "outstanding" lesson. Only three lessons out of 2000 submission were selected for this distinction! Congratulations, Lydia!

## MCGLAMERY IS LEGENDARY!

Shauna McGlamery, FWJH art teacher, has been chosen by the Legendary Teacher organization as this year's Flowing Wells Legendary Teacher! Mrs. McGlamery develops lesson plans with the student in mind first. She has an unfailing ability to understand the purpose of a lesson and drive students to a clear objective. She always

approaches decision-making thoughtfully and is fair in her approach to both students and staff. In addition to strengthening her own role as a master educator, she has championed the yearbook and the Art Club at FWJH. She pioneered and founded the extremely successful FWJH Fine Arts & Culture Night, which has served over 1000 members of the community for the past two years. We are extremely proud of Shauna and hope you will join us in congratulating her!
